Product description

All Accento models are handmade.

1 Product Model, 2 Installation Types

The special advantage of IF models: Installation as flush with the adjacent areas as well as laid flat on top is possible.

Flush-mounted installation: Recommendation for the choice of worktop:

We recommend installation in worktops made of ceramic, granite, artificial stone (e.g. Corian or Varicor) or solid wood. We do not recommend installation in coated chipboard.
