Product description

Assembly service Laufen Switzerland

• Save time and reduce the risk of errors by taking advantage of Laufen Switzerland's installation service. We recommend that you always take advantage of this service.
• This automatically extends the guarantee by 1 year to a total of 3 years.
• For the installation of Laufen Vara Epoc, the kitchen must be drained, the sink installed, fresh water and waste water connections installed and functional and the power connection (230V, 16A fuse, type 23) ensured.

• Dates by arrangement (the lead time for an installation order is approx. 20 working days)
