**Product description**

**1 Product Model, 2 Installation Types**

The special advantage of IF models: Installation as flush with the adjacent areas as well as laid flat on top is possible.

**Flush-mounted installation: Recommendation for the choice of worktop:**

We recommend installation in worktops made of ceramic, granite, artificial stone (e.g. Corian or Varicor) or solid wood. We do not recommend installation in coated chipboard.

**Cleaning**

The Desino Drain Sieve is dishwasher-safe and can be cleaned completely or separately up to a maximum temperature of 65°C.

**Accessory**

Optional accessories
