Product description

1 Product Model, 2 Installation Types

The special advantage of IF models: Installation as flush with the adjacent areas as well as laid flat on top is possible.

Flush-mounted installation: Recommendation for the choice of worktop:

We recommend installation in worktops made of ceramic, granite, artificial stone (e.g. Corian or Varicor) or solid wood. We do not recommend installation in coated chipboard.

Cleaning

The Desino Drain Sieve is dishwasher-safe and can be cleaned completely or separately up to a maximum temperature of 65°C.
